DEA Publishes Final Rule on Multiple Prescriptions for Schedule II Controlled Substances

A Drug Enforcement Administration rule titled “**Issuance of Multiple Prescriptions for Schedule II Controlled Substances**,” became effective December 19, 2007. The rule amends the DEA’s regulations to allow practitioners to provide individual patients with multiple prescriptions for a specific Schedule II controlled substance, written on the same date, to be filled sequentially. The combined effect on such sequential multiple prescriptions is that it allows a patient to receive over time up to a 90-day supply of that controlled substance. The Controlled Substance Act does not permit the refilling of Schedule II controlled substances, requiring that a new prescription be issued for each quantity of the substance. To view the rule, visit http://www.deadiversion.usdoj.gov/fed_regs/rules/2007/fr1119.htm.

Board Welcomes Four New Members

Renewal of Medical License for 2008

The 2008 annual renewal forms were mailed in December to all physicians holding an active Kentucky medical/osteopathic license. Physicians renewing licenses for 2008 have an opportunity to renew their license on-line at www.kbml.ky.gov. Physicians renewing with a paper application will be charged an additional \$10.00 processing fee. Printable 2008 renewal forms are available on the KBML website at www.kbml.ky.gov.

The \$150.00 renewal fee is due by March 1, 2008. To avoid paying a \$50.00 late fee, paper forms must be post-marked no later than March 1, 2008. Physicians who fail to renew before the April 1, 2008 deadline will automatically become inactive and subsequent practice in Kentucky will be considered the unauthorized practice of medicine or osteopathy. Anyone registering after April 1, 2008 will be imposed an additional \$100.00 penalty fee.

It should be noted that incomplete renewal forms or forms received without proper payment are returned prior to registering the license. This not only causes additional expense but also delays timely processing of the renewal application.
